EXPERIENCE

Sony / Nimway

2025 – 2026 · MALMÖ, SE

UX Designer

- Designed UX/UI across the smart-office product line — meeting-room panels, booking app, web, and large-format wayfinding maps — used across enterprises in multiple countries.
- Led several end-to-end product flows — research, IA, high-fidelity UI, and testing on real hardware in live office spaces.
- Worked closely with PMs and engineers, aligning design intent with build constraints.

Lenus eHealth

2022 – 2023 · COPENHAGEN, DK

Student Content Assistant

- Localised nutrition, food, and fitness content for the Swedish market — recipes, leaflets, and short-form video.

EDUCATION

Malmö University

2021 – 2024

BSc, Interaction Design

User research, interaction & visual design, creative coding, and service design.

IT University of Copenhagen

2024 – 2025

Supplementary studies

Closing the gap between design and code — Java & OOP, agile development, and discrete mathematics.

Linköping & Scotland

2018 – 2020

Foundations

A non-linear start — business, economics, and software engineering before design.

TOOLS

DESIGN

Figma · Framer · Adobe Suite · Photo & video

CODE

HTML · CSS · JavaScript · React

AI

Claude · Lovable · Midjourney

WORKFLOW

Notion · Miro · FigJam · Slack
